

MADMAGZ TUTORIAL

1. Link

<https://madmagz.com>

2. Short description of the tool

Madmagz is a tool to create your own magazine. Alone or in teams, create your magazine on the themes of your choice, in print or online.

You can create a magazine, a school newspaper, a brochure, a newsletter, a catalogue. It's easy to use. The professional graphic designers of the website provide different layouts. You have also the possibility to design your own layout with them.

Madmagz enables you to create personalised, interactive content, online or on paper. It is accessible to language teachers and also to learners.

The site is accessible on all browsers and available in English and French, and the magazine can be created in the language of your choice.

3. Which language competences can be developed with the help of this tool?

- Written production – general range, creative writing.
- Production strategies.

| 6. Facilitating learners' digital competence | 6.2 Digital communication and collaboration |
| | 6.3 Digital content creation |

8. How can the tool be used by teachers/learners?

Madmagz is a tool for language teachers to use as a learning and teaching resource. They can create content available to their learners. They can also propose this tool as a learning exercise to strengthen adult learners' writing skills, as well as research, analysis and synthesis.

This tool is suitable for collective language learning. Adult learners can work together to create a personalised magazine containing their written work. It is a very effective tool that combines learning and enjoyment.

9. Case study – example

<p>1. Go to Madmagz's Website.</p>	
<p>2. Create an account with your email, your Facebook or Google account.</p>	
<p>3. Click I CREATE MY MAGAZINE to create your magazine.</p>	

<p>4. You can also find your previous magazines.</p>	
<p>5. Choose your template from the suggested ones (paid and free), and then click on CHOOSE.</p>	
<p>6. You can click on the picture to preview the structure of the magazine you are going to create.</p>	
<p>7. Write the magazine title, its issue and choose the subject.</p>	
<p>8. Invite your collaborators (you have the possibility to do it later).</p>	

<p>9. It's time to move on to creation. Choose the page of the magazine you want to create and click on VALIDATE.</p>	
<p>10. On the menu at the top of the magazine, you can add content (link between pages and PDF). You can also use the + and - magnifiers to enlarge or shrink your sheet.</p>	
<p>11. Insert the titles of your choice and use the menu at the top to choose the text style.</p>	
<p>12. Click on the picture and choose the one you wanted among your photos or by using a photo on the internet in open access.</p>	
<p>13. You can crop your image.</p>	

<p>14. Visualise your work and continue your changes. To move on over pages click on the little boxes item.</p>	
<p>15. Once you are in the central menu, you have the choice to add collaborators, insert a pdf, preview your work and add, modify or delete pages. Click on add a new page.</p>	
<p>16. Select the type of page you want to create and do the same procedures as those seen above.</p>	
<p>17. When your magazine is ready click on PUBLISH.</p>	
<p>18. Finally, the magazine is published. You find its information. You can always modify the information about it and insert a description. Click on the link to access your work.</p>
